## Missile-Armed U.S. Planes Move Northward To Ward Off Threat Of Red Chinese MIGs

**SAIGON, South Viet Nam (AP)** — U.S. jet fighters equipped with air to air missiles have been heading toward the Communist north the past few days to meet the threat of approaching Red Chinese MIG planes, U.S. military sources say.

Though no clashes have taken place, the opposing flights were reported close enough to make positive radar identification, the sources added.

Saigon, capital of South Viet Nam, held an air raid alert Sunday, its first since World War II when U.S. planes bombed the Japanese-occupied city.

Communist propaganda organs renewed charges against the United States for its reprisal action against North Viet Nam last week. And North Viet Nam indicated it was rejecting a U.N. Security Council invitation to take part in a debate on the crisis.

## STUDEBAKER DESCENDANTS MEET SUNDAY

(See Photo On Page 9)

Sixth and seventh generation Studebakers gathered Sunday evening at the Studebaker house in East Berlin, to discuss with family and East Berlin historians facts about their famed ancestors.

The meeting was arranged by Mr. and Mrs. Robert Lau, East Berlin, at the Studebaker home owned by them, after Arthur Weaner, of the Adams County Historical Society turned over the Laus names of Studebaker descendants who had written him as an official of the Adams County Historical Society concerning the history of the Studebakers in this county.

The meeting was based on the visit to East Berlin of Eugene Studebaker Wierback, Balboa Island, Calif., and Charles Studebaker Wierback, Del Garden, Calif., who are on a tour of the U. S. while Eugene Wierback gathers material for a book on the Studebaker clan he plans to publish in the near future. Both are guests of Mr. and Mrs. Lau. The two Californians noted that the Studebakers built wagons that carried the family west. Then a branch of the family went into the auto business. Now the Californians members of the clan are making the tour of the country in "a modern Conestoga wagon," a house trailer placed on a light truck.

### COUNTY CONNECTIONS

Three brothers, Peter, Clement and Henry Studebaker, who were the founders of the clan, arrived in the U. S. at Philadelphia September 1, 1736, from Germany. Henry was killed by the Indians in Cumberland County, near Carlisle. Peter Studebaker settled in Maryland and Clement came to the Hunterstown area and established the wagon business there. His son, Clement, is buried in Mummert's Meeting House Cemetery and it is believed the father is also buried there. Clement's son, David, purchased the house in East Berlin now known as the Studebaker house and resided there. The structure, which attracted 5,000 visitors during the East Berlin bicentennial, was constructed in 1790.

There seems to be a question whether the five Studebaker brothers who went west and established the Studebaker wagon factory which later became the automobile concern were born in the Studebaker house at East Berlin.

### DISPLAY PICTURES

Mrs. Oscar Mummert, Elizabethtown, a Studebaker descendant who displayed a picture of the five brothers Sunday, said her great aunt who gave her the picture said the brothers were born in East Berlin. Eugene Wierback, basing his opinion on other testimony expressed doubt that they were all born there.

## KIDDIES HUNT FOR TREASURE

One of the highlights of the summer for the grandchildren of Mr. and Mrs. Earl W. Brandon is the annual treasure hunt held at their farm on the Fairfield Rd.

For the last five years, each child has been given a paper bag, tied with his own individual color of yarn, and at the starting signal the search begins with each one hunting through trees, flowers, porches and rain spouts for packages which "Grandmum" and "Grandpop" have wrapped and tied with the colored yarn. Each one may put into his bag only those wrapped with his color of yarn, bypassing all other packages until they are claimed by the rightful owner.

After each grandchild has found his allotted number of prizes and the bags checked to be sure each has only his own, the unwrapping of the "treasures" begins, followed by a luncheon for the entire family.

The children include David, Douglas and Diane Brandon, children of Mr. and Mrs. Ronald Brandon, Schenectady, N.Y.; Eugene, Linda, Cynthia and Adrian Brandon, children of Mr. and Mrs. Lyndale Brandon, R. 2, Gettysburg; and Barbara and Susan Ecker, children of Mr. and Mrs. Harold L. ## County Firemen Elect Moul New President At Conclave In Abbottstown Saturday

## ANNIVERSARY IS OBSERVED; PARADE IS HELD

Tribute was paid by the surviving charter members of the Abbottstown Fire Co. Saturday afternoon at the luncheon held at the fire hall in connection with the convention of the Adams County Volunteer Firemen's Association.

The luncheon plus a parade and carnival marked the 40th anniversary of the Abbottstown Fire Company.

Gilbert Zeigler, a past president of the Abbottstown firemen, praised the five charter members present, terming them "typical of the firemen of 40 years ago and the firemen of today. But they had to start from scratch. They recognized the need for a fire company in Abbottstown for the safety and welfare of the community, but it took many meetings, much planning, and I feel sure a lot of money out of their own pockets, to get the fire company organized."

### 5 CHARTER MEMBERS

"They did an excellent thing for the community. Possibly more important than establishment of a company to put out fires, they established an organization that holds the community together. There are many good organizations in the community, but the fire company is the one community-wide organization, the one that brings all the people together, and the one in which all men are equal."

Charter members and wives present for the dinner were Mark Alwine, Mr. and Mrs. H. A. Leib, Mr. and Mrs. William Altland, Mr. and Mrs. Paul Lookenbill and Mr. and Mrs. Amos Kuhn. W. W. Hafer, the sixth charter member surviving, was unable to be present due to illness.

Pleasant Hill Fire Co. of West Manheim Twp. won the \$75 first prize for best appearing fire company marching unit in the parade. The Pleasant Hill firemen in dark blue with gold trim uniforms were accompanied by the Brodbeck's band which won the \$75 award as best band in the procession.

**\$25 FOR JR. FIREMEN**  
The marching team from Liberty Fire Co., East Berlin, won the second prize of \$50 for best appearing fire company in line. Accompanying the East Berlin group was Queen Pam Eisenhart riding atop the "Ambassador George Kennan" fire truck of the company.

Bermudian Springs High School won the \$50 second award for best appearing band. Gettysburg Junior Firemen received a \$25 award for marching uniformed group coming the longest distance. A 1919 Model T Ford on which was placed a hand pump won the \$15 award for the oldest motorized fire apparatus. \$400,000 IS LOST IN FIRE; 20 INJURED

KINGSTON, Pa. (AP)—Kingston Fire Chief Frank Hillard launched an investigation today into a wind-fanned fire that destroyed a lumber company, a millwork firm and three homes. Seven other homes were damaged slightly.

Hillard estimated the damage from Sunday's fire at close to \$400,000.

Nineteen firemen and a National Guardsman were treated at Nesbitt Memorial Hospital for smoke inhalation and other injuries. Some 12 fire companies and 60 members of the 109th Field Artillery of the National Guard unit stationed here battled the fire all afternoon.

Hillard said the fire started in an enclosed lumber storage bin in the Ruggles Lumber Co. complex which stretches the width of two streets. Feeding on paint, varnish and turpentine and fanned by strong winds, the fire quickly spread to the Dorancon millwork Co. and the homes. Thirteen persons in the homes were evacuated safely.

Hillard said "a lot of lumber was stored in the yard," which consisted of four separate buildings.

MASS OF FLAMES

"It was just a mass of flames," the fire chief said. "The thing went up in no time. It was almost two hours before we had it under control."

The wind blew the flames away from a gasoline station some 150 feet north of the lumber yard. The station is a distributing point for an oil company in the area.

Western Union lines 40 to 60 feet away across an open area were snapped by the intense heat. Service to 900 subscribers of the Bell Telephone Co. was disrupted. Electric service also was disrupted.

PILGRIMAGE ATTRACTS 150

Approximately 150 members of the Conewago Deaneary Council of Catholic Women, accompanied by their families, participated in the annual pilgrimage in honor of Mother Seton on Sunday at St. Joseph's College, Emmitsburg.

The group gathered at 2 o'clock, traveling by private car from the four corners of the deanery. They proceeded first to the Stone House where Mother Seton set up residence when she came to Emmitsburg. They next visited the college chapel and prayed for the canonization of Mother Seton, before visiting the White House, where Mother Seton established the first school. A visit to the cemetery where other members of the Seton family are buried concluded this portion of the pilgrimage. While walking from one building to another the group was led in the recitation of the rosary by one of the Sisters from the college. Several of the nuns joined the pilgrimage and told about the early life of Mother Seton.

The caravan then went to the national Shrine Grotto of Lourdes at Mt. St. Mary's College, where Mother Seton and her nuns and students attended Mass and taught and learned religion. Here the Rev. Hugh Phillips, director of the shrine, spoke to the group on the early history of Mt. St. Mary's and then offered benediction of the Blessed Sacrament. The pilgrims joined in the singing of the benediction hymns and again offered prayers for the canonization of Mother Seton. The cause for canonization has been a spiritual project of the Conewago Deaneary for the last 29 years.

The pilgrimage was the concluding event on the 1963-1964 council calendar. Mrs. Paul E. Altoff, Littlestown, is the retiring deanery president. The incoming president, Mrs. James G. Sneringer, Gettysburg, has called her first deanery board meeting for Monday, August 24.

ASK HEARING ON 30 BYPASS

The York County Planning Commission has joined several other groups in asking for a public hearing — already promised — on state highway plans for the proposed interim Route 30 bypass, pointing up the impact that the relocation of Lincoln Highway will have on a projected new industrial park west of York.

The commission dispatched a letter to district engineer James C. Whalen citing four reasons for their support of a hearing. Whalen has already said that a hearing will be held, but no time or site has been fixed. Three other requests were filed before the planning commission's move.

An interchange for the \$4.5 million eight-mile interim bypass with the existing highway is planned west of Pottery Hill at the industrial park site. This 175-acre site was bought recently for \$350,000 and lies on both sides of the existing Route 30.

Meanwhile, West York officials today reaffirmed their approval of state plans for the relocation of Route 30 from West York to Hellam.

MARKET IS DULL

NEW YORK (AP)—The stock market kept a small gain in dull trading early this afternoon.

Fractional gains predominated among key stocks.

Coppers were about the strongest major group, advancing moderately in view of soaring copper commodity prices because of troubles in the Congo and Viet Nam as well as labor difficulties in the United States.

Fear of a major military involvement in Viet Nam seemed to be lessening, however. The Cyprus crisis seemed to have little effect on Wall Street except to add another note of caution.

## YORK COUNTY MAY REGAIN ADAMS SLICE

Hanover is seeking to recover some of the acres that York County lost in 1800 when Adams became a separate county.

Saturday the Hanover borough council in a special 10-minute session unanimously adopted an ordinance calling for annexation of 307 acres of Conewago Twp., Adams County, bearing an assessed value of more than \$200,000 to the borough of Hanover.

Next move in the attempt to take over part of Conewago Twp. calls for Hanover to advertise the approved ordinance and file petitions in the York and Adams County courts.

Under existing procedure, residents of the area, Conewago Twp., and the counties, and if they wish, can appeal the validity of the annexation to the courts, and if such an appeal is filed it is the responsibility of the courts to appoint a fact finding committee to determine the validity of the annexation.

### TAKE PROMPT ACTION

Adoption of the ordinance came two days after the annexation petition was submitted to Hanover officials. Previously a copy of the petition signed by approximately 40 persons, about 70 per cent of the possible petitioners in the area, was given to the Conewago Twp. Board of Supervisors.

Included in the area which Hanover hopes to annex are the Hanover sanitary sewage treatment plant property, the Inland Homes plant, warehouse facilities of Revonah Spinning Mills on Blettner Ave. and about 200 acres of farm land owned by Charles S. and Mary C. Diller.

Hanover councilmen at their meeting said the acquisition of the territory, most of which is open land, "will give the borough excellent potential housing sites and a fine opportunity for future expansion."

### "OUR SMALL WORLD"

Today no nation stands alone... each sorely needs the other... and although customs are unlike... each one is like a brother... one has a great abundance of... what others are without... and so it is that world-wide trade... removes the fear and doubt... the more we realize this fact... that all the world is one... the sooner all the earth will bask beneath a peaceful sun... of course there's much to iron out... if this can ever be but with the guidance of free men... someday perhaps we'll see... I write not as a dreamer who... promotes a perfect plan... but just as one who will not lose... the faith he has in man... and so with deep resolve I go... with those who think as I... our small world could be wonderful... if all nations would try.

## FIRM EXPANDS MILL PROGRAM

The Huntingburg Furniture Company announced today that its Timely of Gettysburg Division has begun a major expansion of its dimension and mill room facilities. Lumber storage and mill room capacity is being increased by 75 per cent. The addition of new lumber handling equipment and other new and modern machinery will greatly increase mill room capacity and will enable modification of other departments to increase total production volume substantially.

This expansion was necessary to meet the increasing demands of the Timely promotional bedroom furniture line. Production and sales have steadily increased since the Timely of Gettysburg Division was established in 1961. Besides the manufacture of the Timely promotional line, other household furniture manufacturers in Indiana, Alabama and the Florida divisions of Huntingburg Furniture Company are distributed through the Gettysburg factory, which operates its own fleet of furniture vans.

## County

(Continued from Page 1)

fire companies in the county area be set up to "go over this thoroughly."

Littlestown was chosen as the site for the 1965 county convention. Edward Loeffel in extending the invitation noted that the county firemen would be taking part in the 200th anniversary of Littlestown's program to be held at that time, and the anniversary parade and firemen's parade would be combined for the event.

Rev. Fr. Michael Barrett, pastor of the Immaculate Heart of Mary Catholic Church, near Abbotstown, principal speaker at the convention, compared the United States with Rome, in growth from a small nation to a great world power and decline. The U.S., he said, is following in the footsteps of the Roman empire and can expect to decline if it allows the same conduct. The custom of each individual believing he should "get as much as you can," destroyed the Romans and can destroy America as well, the priest held. He said a moral decline helped upset the Roman empire and noted the extent to which pornography has infiltrated America as an example of the decline in moral values. "The easy life is making up soft and we are following in Rome's footsteps."

### PLAN FP WEEK

At the same time he said: "Firemen are the most zealous, dedicated and unselfish individuals in the U.S." Patriotism and public spirit are the keynote of firemen, Father Barrett held.

Preliminary plans for Fire Prevention Week in October were outlined by Fire Marshal John Murren. Location of the program, similar to the one here last October, has not as yet been decided.

Murren asked any community that may wish to be the site for the county-wide Fire Prevention Week program to notify him.

McSherrystown firemen invited the county group to attend the 75th anniversary parade scheduled to be held by McSherrystown August 22.

### MEMORIAL SERVICE

Rev. John Z. Martin, pastor of the United Church of Christ, Abbotstown, was the speaker at the annual memorial services held during the convention for those firemen who died during the year. "Firemen are the most religious, if not the most reverent, members of the community," he said. "I say religious because the basis of our religion is love of neighbor, and that is the basis for the firemen's action, the reason he gives up his rest, risks his life, to serve his community. Dependability, service and sacrifice are some of the marks of a religious man. But the religion of the fireman is not complete unless it is focused on God."

Among county firemen who died during the last year, memorialized at the service, included: Edgar M. Glenn and C. L. Sheads, Fairfield; Mervin I. Rice, Bendersville; Robert C. Rebert, Cashtown; Robert L. Walter, Aspers; Samuel Laughman and James Hockensmith, Centennial; Albert Hawn, Bonneauville; John S. Myers, McSherrystown; Edwin Bushey, Arendtsville; Archie Nagle, Fountaintdale; James Hagerman, Centennial; Clair E. Spangler, Abbotstown; Charles Smith, Bonneauville; Clair Shillito, Pigeonville; Hillary Kennedy, York Springs; Donald L. Bricker, Biglerville; Kenneth Alwine, Biglerville; Samuel Keagy, Littlestown; Brooks Yantis and Wierick Pentz, McSherrystown; Albin L. Carbaugh, Cashtown; Charles Hagerman, McSherrystown; Francis A. Klunk, Irishtown; Samuel Wolf, Abbotstown; John Redding, Littlestown; Joseph Harbaugh, Fairfield; Charles Slaybaugh, Bendersville; Clyde DeHaas, Bonneauville; Russell Singley, Fairfield; Raymond Bisbing, Gettysburg; Robert Hartlaub, McSherrystown; Charles Randall, Littlestown; Isaiah Hoke, Abbotstown; Charles Rinehart, New Oxford; Norman Overbaugh, New Oxford; J. B. Waddle, Fairfield.

### DELEGATES NAMED

Chaplain Deardorff presided at the memorial service. Vice President Roth was named delegate to the state convention at Williamsport, September 24 to 26 with R. Dale Guise, Biglerville, as alternate. Named as delegate to the Southeastern Firemen's Association meetings was Joseph Snaders, Gettysburg, with Edward Loeffel, Littlestown, alternate.

Secretary Sneeringer announced that the quarterly meetings of the county association during the coming year were to be held at Bendersville, October 5; Biglerville, January 4; Bonneauville, April 5, and Bruchtown, June 28.

### PIN PRESENTED

Past President Wildasin presented a past president's pin to the retiring president.

James Hawn, of the fire chiefs' association committee setting up a new list of "10-signals" to be used by the county firemen in radio communications said the list is ready to be printed and said that the cards will also bear lists of the equipment available from each company. He said most companies had already responded to a request for listings of their equipment and asked those who had not contacted him to do so immediately.

Eugene Long invited the firemen to attend the ambulance

fourth consecutive day of Turkish activity over Cyprus.

A Greek Cypriot spokesman said there was no word from Polis on whether there were casualties.

### SIPPING COFFEE

Alex Efty, an Associated Press correspondent at the scene, said the American-built F104 jets appeared while the townspeople were sipping coffee in the main square, most of them talking about the crisis. He said the villagers ducked for cover before the jets made two runs, firing into the square.

In Paris, the North Atlantic Treaty Organization disclosed that Turkey was withdrawing some of her air force from the alliance "for use in her national interest."

The announcement from Supreme Allied Headquarters for Europe said "such action is permissible and provided for under the NATO treaty." The United States, Britain and other NATO members have been strenuously pressing for a settlement of the Cyprus strife to avoid an open breach between Turkey and Greece, guardians of NATO's eastern flank.

### SPECIAL SESSION

The alliance's permanent council was summoned into special session today to take up the Cyprus crisis for the third time in six days.

A U.S. Air Force C130 cargo plane evacuated 35 American dependents and members of the U.S. Embassy staff to Beirut from Nicosia. Among them were Ambassador Taylor Belcher's wife and two teen-age sons. A spokesman said the State Department ordered the evacuation.

In Athens, Greek Foreign Minister Stavros Costopoulos called in the Turkish ambassador and said Greece could not restrain the Cyprus government from "necessary defensive measures" if Turkey repeated its warlike activities.

Costopoulos said he told the Turkish envoy that Greece hoped the attack on Polis was "due to the fact that not all Turkish forces have received orders of a cease-fire."

## NONE INJURED IN 2 CRASHES

There were no injuries in either of two accidents investigated by Conewago Township police Saturday afternoon.

Police said a one-car mishap on the Hanover-Littlestown highway, near Hanover Shoe Farms, occurred when a car operated by Richard W. Ridinger, 19, Taneytown R. 2, went out of control about 3:50 p.m. Police said Ridinger told them he was going west when a car ahead pulled onto the highway. He said he thought it was going to pull off as it was traveling slowly, and hit his brakes when he discovered his error.

Police said he then lost control, slid about 142 feet off-and-on the highway, ripped off two guardrails, and went down a 19-foot embankment. He and his passenger, Judy Strickhouser, 17, Littlestown R. 1, were unhurt. Damage to his car was estimated at about \$900.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

ONE HUNDRED YEARS AGO

**The Soldiers National Cemetery:** The Executive Committee of the Board of Managers of the Soldiers' National Cemetery met at the Continental Hotel in Philadelphia on July 29, with David Wills, president of the Association. In order to secure regularity, the Committee adopted headstones precisely alike throughout the entire area of lots. They will form a continuous line of marble blocks rising ten inches above the ground and showing a face or width of ten inches on the upper surface and all well jointed and clamped together. The names, company and regiment will be carved opposite each interment, thus securing a simple and expressive arrangement, combined with great permanence and durability. The Committee desire this work done as soon as possible, so as to get the graves permanently arranged. The Committee also adopted a design for a house for a residence for the Keeper of the Cemetery grounds, and ordered its immediate construction.

A large company for home defense has been organized in Gettysburg — Col. C. H. Buehler, Captain: Maj. E. G. Fahnstock, 1st Lieut.: Capt. Wm. J. Martin, 2nd Lieut. The company meets every evening at 6 o'clock for drill.

A company of Cavalry (100 days' men) has been formed in the Borough and vicinity and have gone on to Harrisburg to be mustered in. They number nearly 100. Their officers are: Captain, E. Morgan Warren; 1st Lieut., C. H. Fulweiler; 2nd Lieut., Dr. S. N. Eckert; orderly sergeant, Wm. R. Eyster.

**Relief For The Chambersburg Sufferers:** The citizens of Harrisburg, including the banks, have subscribed the sum of six thousand and forty nine dollars for the relief of the people of Chambersburg. The list as published is headed by Governor Curtin for one thousand dollars, who is followed by General Cameron for five hundred.

**Latest News!** The Rebels have evacuated Hagerstown and along the Potomac in the neighborhood of Shepherdstown. Telegraphic communication has been resumed between Harrisburg and Hagerstown. It is not known where they are exactly but they are not in our neighborhood. The Union forces are strong and ready for them wherever they show themselves. Gen. Kelly had a fight with them at Cumberland on Thursday last and defeated them. The Rebels exploded a mine at Petersburg on Friday near our works, but did no damage. They attempted an assault afterwards but were repulsed with considerable loss. Both armies are strengthening their defensive works.

**SEVENTY-FIVE YEARS AGO**  
Invitations have been issued to the exercises on Pennsylvania Day, September 11th and 12th for the purpose of "erecting monuments to mark the position of the Pennsylvania Commands engaged in the Battle." The cards bear the state arms in old gold; the body of the invitation is in script and they are very handsome.

The school directors have voted to retain for another year the use of the stoves for heating the school building. They made some inquiries into the relative merits of heating by steam or hot air but have postponed a conclusion.

## Today's Talk

### WASTE

Honest effort is never waste. Anger is waste. Idleness is waste. War is waste. But he who does his best to improve his own sphere, and that of his fellows, even though his efforts do not bring immediate rewards, has not wasted at all.

Merely to strive is to fulfill the great purpose of life. It isn't so much what we gain at the end as what we gain all along the route of life. He who has attained nothing but mere wealth may have a shriveled soul and a barren heart.

Useful work is not wasted. Constructive thought is not wasted. A love of beauty and an appreciation for the endless creations of nature — these are what feed the mind and increase one's already large inheritance from life itself.

In nature there is nothing wasted. Everything is creation, death and rebirth. This is the story of the glorious seasons. New life. Ever new life.

Even the waste of evil ends, in time, wiped out by its flow back to its source of good.

We should not worry too much about our lack of progress. We may be going much farther than we know. Greatness never recognizes itself. Growth does not always show in dimensions, but in the measure of the years, and through the radiated love from one's heart.

Life is movement. Unconsciously we are drawn up or down the stream of life. This stream keeps telling us things. The grass along its banks, the songs of the birds in the trees, the age of the towering trunks, and the mellow winds that carry the rain, the warm rays from the sun, all give nourishment and life to this soul of ours.

We help to eliminate waste by constantly striving to create, to build, to organize all our forces toward a useful end.

Every time we appreciate we wipe out the suggestion of waste from our minds, for we are then gathering gain against waste.

## Just Folks

**WALKING WITH CHILDREN**  
I like to walk with children, for there's wonder in their eyes, And every little incident is lovely with surprise.

They're always finding beauty in some unexpected spot, And nothing seems to bore them as they go to double trot; But the grown-up men and women are so burdened down with care They walk right by the splendors that are shining everywhere.

I like to go with twelve-year-olds and watch them race about, And hear their shouts of gladness as they ferret marvels out. They seem to find enchantment and excitement all the way, As if this big and busy world is fashioned just for play; But the grown-up men and women know so much at which to scoff, You'd think the shine of loveliness had all been grated off.

I think there ought to be a law compelling every man To walk with children once a day, or often as he can.

'Would he do him good to see once more the countless charms they find; 'Would he be overburdened mind. In spite of all the care he's known and wrongs he's had to bear, The little folks would prove to him that joy is everywhere.

## CROWD CHANTS, EULOGIZES TWO SLAIN IN SOUTH

By HILMI TOROS

NEW YORK (AP) — Joined hand to hand and chanting "we shall overcome," thousands of white and Negro mourners paid tribute Sunday night to two white civil rights workers slain in Mississippi.

In separate services and an outdoor rally, the young men were eulogized as "martyrs, compassionate and totally committed to nonviolence."

The FBI discovered the bodies of the New Yorkers — Andrew Goodman, 20, and Michael Schwerner, 24, — and James Chaney, 21, a Negro from Meridian, Miss., last Tuesday in a grave near Philadelphia, Miss. The trio vanished near Philadelphia June 21 at the beginning of a summer drive to register Negroes to vote.

**CORE NAMES WIDOW**  
At the memorial service for Schwerner at the Community Church in Manhattan, James Farmer, national director of the Congress of Racial Equality, said, "One of the tragedies of our world is that evil societies kill their conscience and gentleness."

Earlier, Farmer had announced the appointment of Rita Schwerner, Michael's widow, as a field secretary for CORE. She will help establish a memorial community center in Meridian, Miss., Farmer said.

Another speaker, John Lewis, chairman of the Student Nonviolent Coordinating Committee, said the "question is not who killed Mickey, James and Andy, but what killed" them.

"Apathy," he said. At the end of the memorial service, thousands inside and outside the hall joined hands and softly sang the civil rights theme: "We shall overcome, someday."

Earlier, at the funeral for Goodman at the Ethical Culture Society, Ralph Engelman, Goodman's college mate from Queens, said: "Andy taught us an old truth: None is free until all are free."

Leaving the service with Goodman's body in an oak casket, Mrs. Robert Goodman, his mother, clasped the hand of Chaney's mother, Fannie, who attended both services.

nounced the appointment of Rita Schwerner, Michael's widow, as a field secretary for CORE. She will help establish a memorial community center in Meridian, Miss., Farmer said.

Another speaker, John Lewis, chairman of the Student Nonviolent Coordinating Committee, said the "question is not who killed Mickey, James and Andy, but what killed" them.

"Apathy," he said. At the end of the memorial service, thousands inside and outside the hall joined hands and softly sang the civil rights theme: "We shall overcome, someday."

Earlier, at the funeral for Goodman at the Ethical Culture Society, Ralph Engelman, Goodman's college mate from Queens, said: "Andy taught us an old truth: None is free until all are free."

Leaving the service with Goodman's body in an oak casket, Mrs. Robert Goodman, his mother, clasped the hand of Chaney's mother, Fannie, who attended both services.

## TOTEM POLE TO PLAY MUSICAL

Rodgers and Hammerstein's last and perhaps greatest success, "The Sound of Music," will open a two-week engagement at the Totem Pole Playhouse in Caledonia State Park tonight, with performances nightly at 8:30 o'clock and matinees on Wednesday and Saturday at 2:30 p.m.

Starred in the role of Maria is Jeanne Shea, who is creating much public interest with her rendition of Eliza Doolittle in last week's Totem Pole offering "My Fair Lady." No stranger to the "Sound of Music" role, Miss Shea played the part in the national road company. Opposite her as Captain Georg von Trapp will be Douglas Wilson, who appeared in another road company of the same show. It will be the first time Mr. Wilson and Miss Shea have played together. Jean Stapleton plays the part of Mother Abbess, Martha Hamme is Elsa Schraeder and Jonathan Troy is Max Detweiler. Several others in the large and distinguished cast are Arline Anders, Tom McKenna, Maryann Hull, Maryann Blair, Mildred Hornbaker and Margaret Winn.

Unlike most other musicals, "The Sound of Music" story is based on the life and adventures of some real people who are still alive today in various parts of the world. For over 20 years, the Trapp Family Singers endeared themselves to music lovers all over America as they played community concerts and civic concert courses and colleges from coast to coast. They have played a concert in Gettysburg. To put this story together and get clearances from the scattered family, took the authors three years and thousands of miles of travel.

WILLIE MAY'S  
LEADS GIANTS  
TO TWO WINS;  
PHILS IN SWEEP

By MIKE RATHET

Associated Press Sports Writer

Willie Mays personally lifted the San Francisco Giants to two weekend victories, tripling home the only run in Saturday's 1-0 victory over Cincinnati, then collecting four hits for the first time this season as the Giants whipped the Reds 7-5 Sunday.

Not since May when he was hitting above the .400 mark has he hit the .300 mark, but he is hitting .322 now, a double and two singles, drove in three runs, scored two and stole two bases.

Mays, bothered by a heavy cold, was not scheduled to play against the Mets at New York last Wednesday. But with Manager Al Dark under fire and his job threatened, Mays asked to be inserted in the lineup.

"I shouldn't be playing," he said, "but I've got to help that man."

## GREATEST SURGE

That was the last he said on the subject.

Since then, in four games, he's hit three homers, driven in six runs and collected eight hits in 17 at-bats.

Mays' latest efforts kept the Giants 2½ games behind the National League leading Philadelphia Phillies, who whipped New York 6-0 behind Jim Bunning's five-hit pitching and a two-run homer by former Met Frank Thomas.

In other games, Jim Pagliaroni's two-run homer gave Pittsburgh a 2-0 victory over the Chicago Cubs, Denny Lemaster pitched a four-hitter as Milwaukee defeated the Los Angeles Dodgers 6-2 and Ray Sadecki posted his 13th victory in St. Louis' 8-2 triumph over Houston.

Despite Mays' one-man show, the Giants still needed some brilliant relief work by Billy O'Dell, who came on in the fourth and allowed only two hits over the final 5 1/3 innings, striking out the last four men he faced.

## THOMAS HOMERS

Things also broke right for the Phillies as Thomas, acquired Friday from the Mets, hit a two-run homer in the fourth and rookie Alex Johnson, recalled when Danny Carter was injured, hit his first homer in the eighth, a two-run, pinch-hit shot.

That was more than enough for Bunning, who brought his record to 12-4 with another strong effort. Bunning did not allow a hit until Joe Christopher beat out a bunt with two out in the fifth. He had retired 45 Mets in succession until then, including 27 in his June 21 perfect game.

Pagliaroni's homer and the combined four-hit pitching of Don Schwall and Al McBean got the job done for the Pirates. Schwall allowed only three hits before leaving in the ninth. Pagliaroni's homer tagged Bob

Adams County LL  
Finals Tonight

The 1964 Adams County Little League baseball tournament champion will be crowned this evening when Gettysburg (4-1) and Littlestown (3-1) battle in the final contest of the tourney. Gettysburg defeated Littlestown Friday evening by the tune of 7-1 thus forcing a second engagement in the double elimination play. Tonight's clash will begin at 6 p.m.

Gettysburg, the defending champion, will probably go with southpaw Dave James on the hill while Littlestown, runner-up in two of the three tourneys, will probably be counting on righthander Kevin Zumbrun.

ATLANTA ASKS  
AFL FRANCHISE

ATLANTA (AP)—An organization known as Atlanta Football, Inc., has applied for an American Football League franchise for the 1965 season.

Charlie Leachman, an Atlanta stockbroker who is president of the football group, said Sunday he had just returned from Chicago where he gave AFL Commissioner Joe Foss the \$25,000 in earnest money necessary to get the ball rolling toward a franchise.

Leachman pointed out that the check was just the first step in the process of obtaining a team and that this group was still in the process of completing the other details of the application form.

The group is not banking its hopes on obtaining one of the present team, but instead is hoping the league will expand, Leachman said.

## SUNDAY'S STARS

**BATTING** — Willie Mays, Giants, slammed his 32nd homer, a double and two singles, drove in three runs, scored two and stole two bases, leading San Francisco to a 7-5 victory over Cincinnati.

**PITCHING** — Al Downing, Yankees, gave New York only one run in four games series with Baltimore, winning opener of doubleheader 2-1 with four-hitter, striking out nine and walking only one. Orioles won nightcap 4-2.

## YORKER WINS

**PINEY POINT, Md. (AP)** — Raymond Oiler of York, Pa., won the Class A outboard hydroplane race Sunday in the Swann's and VFW Powerboat Regatta on St. Georges Creek near here. He was in competition with 110 boats in 14 classes.

Buhl, 12-9, with the loss.

Milwaukee's Lemaster, 12-7, breezed after the Braves jumped on Don Drysdale, 13-11, for four runs in the fourth inning. The key hit was a two-run double by Joe Torre, who later scored on an error by Nate Oliver. Lemaster ended Tommy Davis' hitting streak at 20 games.

Sadecki checked the Colts on seven hits while the Cardinals lashed 15, including three each by Dick Groat and Tom McCarver. The Cardinals clinched it with three unearned runs in the fourth after an error by Walt Bond opened the gates.

## HEAD PRO NOW

"Pete did a lot for me. He changed my grip and it changed my whole golf game."

"Also, I have tremendous respect for Ed Dudley. He hired me as assistant pro at Dorado Beach (in Puerto Rico). He gave me the down payment for a home and my first car. He was a great man."

Cooper is a veteran pro now in Sorrento, Fla. Dudley died last October.

Chi Chi, a 28-year-old bachelor who once wanted to make a career as a baseball pitcher, now is head pro at Dorado Beach. His winnings from the Western Open boosted him from ninth to sixth on the PGA earning list with \$46,610.

## CHATS WITH FANS

Chi Chi, who constantly jabs with his fans — of whom there were plenty among the record 20,600 for a Western Open in Sunday's gallery — won with a closing 36-31 — 67 for a 72-hole total of 268.

He finished two holes ahead of Arnold Palmer, defending champion. They had started the last round in a dead heat for the lead at 201.

Palmer was one-stroke behind 70th, he missed a 10-foot birdie putt that would have squared him.

## THE RUNNERS UP

On the 71st he was over the green on his approach. He went to the cup coming back, but the ball rolled 25 feet past. He wound up with bogey. He couldn't recover from that even with an 18-foot birdie tap on the 72nd and finished with a 68 for 269.

RODRIGUEZ IS  
WINNER OVER  
ARNIE PALMER

By CHARLES CHAMBERLAIN

Associated Press Sports Writer  
CHICAGO (AP) — Chi Chi Rodriguez, the long-driving, 120-pound Puerto Rican, has an answer for everything.

After winning top prize of \$11,000 in the Western Open, he cracked:

"When I was a kid fertilizing sugar cane, I never thought I would have this much in my whole life."

"I remember when I first started playing on the golf tour. I went around in Pete Cooper's car. When we stopped for gas, I would pretend I was asleep in the back seat. When the check came in a restaurant, I would sneak away to the men's room."

"The Angels' Dean Chance, bidding for his eighth straight victory, blew a 5-1 lead in the ninth. Reliever Bob Lee yielded the last three of six Washington hits in the inning and took the loss. Pinch runner Claude Osteen scored the winning run from third on a fly out when Bob Rodgers dropped Lou Clinton's perfect throw to the plate."

## ALL UNEARNED

Cleveland's Sonny Siebert and two firemen shut out Minnesota in the opener and Dick Howser hit a three-run homer. All seven Indians' runs were unearned, the result of four Minnesota errors. Jim Kaat pitched a four-hitter for the Twins in the nightcap and Frank Kustro drove in all the runs with a single and two-run homer.

The Angels' Dean Chance, bidding for his eighth straight victory, blew a 5-1 lead in the ninth. Reliever Bob Lee yielded the last three of six Washington hits in the inning and took the loss. Parnelli Jones, Torrance, Calif., won the 40-lap United States Auto Club midget feature at the Lincoln Speedway, Sunday night.

Jones edged past Bob Wente on the tenth lap and sailed to the flag to win by three seconds over second place Mel Kenyon and third place Mike McGreevey. Wente finished in fourth.

Eddie Johnson, Cuyahoga, O., flipped in the second corner after striking the fence. He was listed in good condition following treatment for an injured shoulder and cut right eye.

Jones set a new track record in qualifying in 18.9 seconds. Besides Jones, the remaining heat winners were Tom Selberg, and Johnson.

YANKEES LOSE  
KEY SERIES TO  
BIRDS; SPLIT  
PAIR ON SUNDAY

By DICK COUCH

Associated Press Sports Writer

The New York Yankees and Baltimore Orioles wound up a key, four-game series Sunday at Yankee Stadium before the season's biggest crowd — 58,102. It was the first of several August sets in which the Yankees usually chop down their American League pennant rivals.

When Sunday's doubleheader had ended, however, Baltimore was running a high flag fever while New York was running a tired third in the league's stretch race.

The Orioles' 4-2 victory in the final kept them two games in front of the Yankees — the Chicago White Sox are second, 1½ games out — and the Yanks needed a clutch pitching effort by Al Downing in their 2-1 first game decision to avert a Baltimore series sweep. The Orioles won 2-0 Friday night and 6-5 Saturday.

## BAUER SATISFIED

"I'm satisfied with three out of four from them any time," Manager Hank Bauer said after the twin bill, "especially in their backyard."

The Yankees got another shot at the Orioles next weekend at Baltimore but, at present, the defending AL champions are in their worst position at this stage of the race since 1959, when the White Sox took the flag. The Yankees have four games with Chicago coming up while the Orioles play host to Boston, with a good opportunity to increase their lead.

## CHISOX, BOSOX SPLIT

The White Sox divided a double-header with the Red Sox, losing the opener 6-3 and copping the second game 4-1. The Detroit Tigers ran their longest winning streak of the campaign to seven with a 4-2, 5-2 sweep of Kansas City but Cleveland's victory string ended at five when Minnesota beat the Indians 3-1 after a 7-0 first-game loss.

Washington rallied for five runs in the ninth inning and edged the Los Angeles Angels 6-5 in the league's only single game.

The Orioles beat the Yankees at their own game — power, defense, opportunism — through-out the series.

## PETER WINS 13TH

Gary Peters fired a six-hitter, boosting his record to 13-6, in the White Sox' second game victory and Pete Ward drove in two runs with a single and sacrifice fly.

Ed Bressoud's solo homer and Dick Stuart's two-run shot backed Bill Monbouquette, 8-9, in the opener as Boston beat the White Sox at Comiskey Park for the first time in eight tries.

Norm Cash homered in each game for the Tigers; Al Kaline and Bill Freehan connected in the nightcap. Julio Navarro rescued first game starter Joe Sparma in the fifth, permitted two singles the rest of the way and picked up his second victory. Terry Fox blanked the A's over the last 2 1/3 innings of the second game after replacing winner Denny McLain.

"When I was a kid fertilizing sugar cane, I never thought I would have this much in my whole life."

Cashtown at New Oxford.

Bonneauville at Arendtsville.

McSherrystown at Harney.

Taneytown at Littlestown.

Littlestown moved into a tie for first place, McSherrystown topped Arendtsville and New Oxford captured a pair of victories as the South Penn put in a busy weekend.

League leading Arendtsville dropped a 5-3 decision to third place McSherrystown and Littlestown romped to a 9-1 win over Mummasburg. New Oxford turned back Taneytown 7-2, Saturday afternoon in a make-up game and came back Sunday afternoon to defeat Bonneauville 6-3. Taneytown bounced back to defeat Harney 6-4, Sunday while Brushtown edged Cashtown 3-2.

Brushtown tallied a pair or runs in the top of the fourth to defeat Cashtown 3-2. The winners added another run in the eighth while Cashtown did all its work in the bottom of the ninth. Bolin and Routh pounded all five of the winner's safeties, Bolin accounting for three. Herring topped Cashtown with a pair of hits. Snyder went the distance on the hill for the win while Mort is charged with the loss.

Taneytown stayed home to capture its 6-4 win over Harney and remain in contention in the tight title race. Littlestown invaded Mummasburg and walked away with its 9-1 win and a tie for the league lead.

John Horner went the distance on Saturday to guide New Oxford to its make-up win over Taneytown on the Maryland diamond. Horner allowed but five scattered hits, struck out eight, did not allow a single walk and gave up two unearned runs in the bottom of the first inning. New Oxford tallied all seven of its runs in the eighth as 12 men came to the plate. Joe Bevenour poked a bases loaded single to account for the key blow of the frame.

Larry Phiel came on in the third inning and tossed New Oxford to its victory over Bonneauville on Sunday afternoon on the loser's diamond. Phiel entered the game with the bases loaded and two out and managed to retire the side on a fly ball. He then went on to fire hitless ball up to the ninth when Horner came in to help. J. King and Phiel paced the winner's attack with a pair of hits each while Bonneauville was held to a lone safety, that being a long double off the bat of Shanebrook.

R. Martz turned in a fine pitching performance as he guided McSherrystown to its 5-3 win over Arendtsville on the winner's field. Martz allowed seven hits, fanned 13 batters and walked but three. Arendtsville tallied all three of its runs in the top of the fourth when H. Hartzel walked, Slaybaugh singled and Little got on via an error to load the bases. Brough sacrificed Hartzel home and Guise blasted a double sending in Slaybaugh and Little.

McSherrystown came back in the fifth with a pair of runs and in the bottom of the eighth pushed across three scores to ice the verdict. The three game-winning scores came on a walk to L. Staub and back-to-back singles by Asper, Murren, Martz and Reese sending in two runs. Murren eventually scored Rhodes' sacrifice fly.

Yake topped Arendtsville with a trio of safeties including a double. Livelsberger and Moul paced the winners with a pair of hits each.

SPACE HEATER PERMITS MORE FAMILY ROOM

Are you planning to add a new room to your home or convert the attic, front porch or breezeway into an added living area? If so, you'll be interested in a variety of sleek new gas-fired space heaters designed for this purpose. The new heaters not only make low-cost heat possible but actually look like an attractive piece of furniture.

Drab colors have been replaced by smart decorator pastels to match home decor. Some units can be recessed in the wall to allow maximum use of space. All will deliver plenty of heat for even large rooms and can be turned on and off independently. Dual units are also available for heating rooms on both sides of an inner wall.

New space heaters resembling high-style TV consoles and luxurious storage cabinets blend well with the other furniture in the room and are becoming increas-

ingly popular, the American Gas Association reports.

Another type of gas heater, a radiant log-type burner, is tailor-made for fireplaces. And for the bathroom, a handsome midget gas heater set in the wall provides pleasant warmth.

Large size heaters have enough capacity for three or four rooms and are ideal for a summer cottage or guest home. Multiple installations of these units will give a vacation house economical warmth as needed.

Be sure that your heater is properly installed and vented, the American Gas Association recommends, and look for the Blue Star Seal of Approval on the heater. This insures safe, dependable performance.

GAS CAN SAVE SPACE, MONEY

Many households — in fact, more than 200,000 a year for the past decade — have been effecting a major economy that saves them both living space and dollars.

They accomplish the twin savings by converting their heating systems from solid or liquid fuels to gas. This doesn't require changing or replacing the existing furnace or boiler. It merely means switching burners.

Heating experts of the Gas Appliance Manufacturers Association say the modern gas conversion burner can be installed in as little as one working day, will work equally well in a boiler or furnace unit, and fits both round and square fireboxes.

Because gas is the least expensive heating fuel in most areas, GAMA says, the cost of installation in the gas conversion burner is more than offset by the economy of operation and maintenance. An additional benefit from converting to gas heat comes from the fact that there is no need for basement storage space for the fuel. Gas is piped into the home, and is paid for only as it is used and after it is used.

BRIDE KILLED IN AUTO CRASH

By THE ASSOCIATED PRESS  
A 21-year-old bride of just a few hours was one of 14 persons killed in traffic accidents in Pennsylvania during the week-end.

The young bride, Mrs. Elsie A. Shrope, of Nazareth, and her husband, Samuel H. Shrope, 21, had been married Saturday and were on their way to a honeymoon in Florida when their car crashed into a pole at Lenhartsville, Berks County. The husband was seriously injured.

A "Just Married" sign was found on the rear seat of their car.

Among the other victims was a state policeman, Richard Barnhart, 36, of the Uniontown barracks, who was killed in the collision of his state police car and another auto.

Nontraffic accidents in the state claimed six other lives, including one person who drowned and one who was electrocuted.

The tabulating period began at 6 p.m. Friday and ended at midnight Sunday.

GAS FURNACE IS SMALLER THAN WATER HEATER

Space-saving is one of the most important elements of furnace design today, the American Gas Association points out. An up-to-date gas furnace capable of heating the average size home, takes up no more space than a water heater. This has the advantage, A.G.A. says, of giving architects, builders and homeowners complete flexibility in designing new homes and modernizing older ones.

Compact styling of modern gas heating equipment has been a major contributor in the development of both basement recreation rooms and homes without basements.

A furnace used to take up half the cellar. But the modern gas heating plant fits in as little as 2 1/2 square feet of floor space — and doesn't even have to be in the basement.

"Zero-clearance" gas furnaces can be installed so that sides and back touch walls. Insulation keeps the cabinets cool to the touch. Choice of location is almost unlimited. They can be installed in a vertical position on the floor or in a horizontal position suspended from the ceiling. It is not at all unusual to find new gas furnaces installed in a first-floor closet, utility room, alcove, hallway or in a corner of the basement. If the house lacks a basement, the furnace can also be installed in the attic, crawl space beneath the house or in an attached garage.

Fully automatic gas heating systems also eliminate the need for storage facilities since gas is delivered directly to the furnace by underground pipes. Other advantages are cleanliness, economy and dependability.

For expert guidance on all phases of house heating, the American Gas Association suggests that homeowners contact their local gas company and look for the Blue Star Seal of approval on heating equipment.

U.S. WOMEN LOOK GOOD ON TRACK, FIELD

By BOB GREEN  
Associated Press Sports Writer  
NEW YORK (AP) — The United States, still trying to catch the leaders in women's track and field, could be headed for its best showing in many years in the 1964 Olympic Games.

Much of the U.S. success or failure depends on the performance of slim, Edith McGuire of Tennessee State, a swift 20-year-old who stands as heir apparent to Wilma Rudolph as queen of the American sprinters.

The United States has won only 10 medals, six gold, one silver and three bronze, in women's track in the four Olympics since World War II. The harvest of four — Wilma's 100 and 200-meter triumphs, a relay victory and a bronze in the shot — in 1960 was this country's best.

CATCHING UP  
Though still trailing many European nations and Russia in the development of women athletes, the weekend U.S. Olympic women's track and field trials would indicate this country is catching up.

Miss McGuire, who won three gold medals in the recent meet against Russia, is the key. She ran a wind-blown 11.1 in winning the 100 meters, just one-tenth of a second off the world record. And she took the 200 in 23.4, time good enough to win the 1960 Olympic event.

She was hard-pressed by Marilyn Brown, Los Angeles, in the 100 and the United States qualified a full complement of three in each dash — which should give this country depth enough to put together an outstanding 400-meter relay team.

ADDED STRENGTH  
Added strength comes from veteran Willye White, silver medalist in 1956, who broad jumped 21-4 — with the wind — just two inches short of her own pending record. Martha Watson of Long Beach, Calif., was 21-3.

In all, America qualified 19 girls in 20 positions — with Miss McGuire the only double qualifier — in the three-day trials at Randall's Island.

Cartoonist Fontaine Fox Expires At 80

GREENWICH, Conn. (AP) — Cartoonist Fontaine Fox, the Toonerville Trolley conductor, is dead.

Fox's Toonerville Trolley cartoons delighted American newspaper readers for 33 years.

He died in a Greenwich hospital Sunday at the age of 80.

It is said that Fox earned more than \$2 million from his drawings of Toonerville rickety trolley and rollicking folks. They appeared from 1920 to 1955 in as many as 200 newspapers.

## Congress Hopes To Adjourn Before Aug. 24 Convention

By EDMOND LEBRETON  
WASHINGTON (AP) — Congress pushes ahead today in a drive to clear the legislative decks and adjourn by the end of next week.

The target date for adjournment is Aug. 22 — two days before the Democratic National Convention opens in Atlantic City, N.J.

Senate Democratic Leader Mike Mansfield said Sunday night in a television-radio interview (NBC-Meet The Press) that he still hopes for adjournment by the 22nd, but added "I wouldn't bet on it."

If Congress doesn't finish its work by that date, he said, it will be back on the job after the convention.

### PRAISES GOP HELP

Mansfield said "I am very proud of what this Congress and its predecessor have done." Asked about help from the Republican side of the aisle, he said "it has been very significant and much of the legislation which we've passed would not have been possible without Republican support."

He said Senate Republican Leader Everett M. Dirksen has "placed his country ahead of his party" and contributed particularly in foreign affairs.

Mansfield said he thought Dirksen's proposal to delay reapportionment of state legislatures stands a good chance of Senate passage.

### DIRKSEN INFLUENCE

The Democratic leader said he had been in touch with Dirksen and legal advisers over the weekend trying to work out another way to ease the effects of the Supreme Court's decision of last June 15 which said each legislative district must be "substantially equal" in population. It said both houses of state legislatures must be apportioned on a "one person, one vote formula."

Dirksen in turn came up with a bill that would delay reapportionment for two years for some states, four years for others. He said he would include it as a rider on the foreign aid authorization bill. Mansfield said he doesn't believe Dirksen's approach on the delay "is the correct one" and "may well turn out" to be unconstitutional.

### PENSION DEBATE

While the Senate continues its foreign aid debate today, the House takes up a bill to liberalize veterans' pension laws.

The House may tackle a housing bill about the middle of the week. The measure would extend the present public housing program for another year and increase it by \$5,000 housing units.

The House also is scheduled this week to decide whether to try working out a compromise on a Senate-passed measure to set strict quotas on imported meat. The administration, fearful of the effect on U.S. negotiations for freer access to European markets for agricultural products, opposes the quota plan.

plan for the aged under Social Security continue to press their case before the Senate Finance Committee. There will be an effort to attach this program to the pending Social Security bill. But any such move, even if successful in the Senate, would face formidable opposition from House conferees.

The Senate also has on its calendar some \$7 billion in appropriations bills for agricultural programs and military construction and the program to attack the economic problems of the Appalachian area.

## HOOVER, 90, SAYS FREEDOM IS GREATNESS

By RAY KOHN  
NEW YORK (AP) — Former President Herbert Hoover, marking his 90th birthday today, says "freedom of choice" is what made America great.

"Freedom is the open window through which pours the sunlight of the human spirit and of human dignity," he said. "With the preservation of these moral and spiritual qualities and with God's grace will come further greatness for our country."

The 31st president of the United States, in his home at the Waldorf Towers, entertains four old friends at lunch today and presides at a family dinner.

Congratulations — via cables, telegrams, letters — by the thousands have been received by Hoover.

### HERBERT HOOVER DAY

President Johnson and Gov. Nelson A. Rockefeller, along with governors of 15 other states, issued proclamations designating today as Herbert Hoover Day.

Hoover, who has survived a series of illnesses starting with a gall bladder attack in 1958, did not see newsmen Sunday, but issued a statement. His physician, Dr. Michael Lepore, said Hoover's general health is "good for a man of 90."

Lepore said Hoover is mentally alert and only his "rugged constitution" has brought him through medical emergencies, including an operation for cancer.

### BIRTHDAY CAKE

The Hoover apartment was gaily decorated. There was a huge birthday cake shaped in the form of the Hoover Promenade at the World's Fair.

And the former president, always a baseball fan, watched the opening of the doubleheader at Yankee Stadium on television Sunday and saw the ceremony in his honor.

In his statement, Hoover said, "among us there is greater freedom for the individual man and woman than in any other nation."

### VOICES REGRET

Hoover voiced "deep regret" at the denial of "an equal chance for our Negro population."

He added, however: "Our 19 million American Negroes probably own more automobiles than all the 220 million Russians and the 200 million African Negroes put together."

## Today In Washington

WASHINGTON (AP) — The Atomic Energy Commission plans to set off a small nuclear blast deep in a salt mine near Hattiesburg, Miss., Sept. 22, the first of three in "project dribble" for developing techniques at Greenville AFB, Miss.

Bevenour, who studied basic hospital procedures and emergency medical treatment, was selected for assignment to a Strategic Air Command (SAC) unit at Turner AFB, Ga. His unit supports the SAC mission of keeping the nation's intercontinental missiles and jet bombers on constant alert.

He was a graduate of Delone Catholic High School, McSherrystown, and entered the Air Force in April.

WASHINGTON (AP) — Congress has sent to the White House a bill to assure attorney and investigative help to persons charged with crimes but without money to defend themselves.

The bill would apply only to federal cases. Money to pay lawyers, investigators and any other needed expert assistance would be drawn from the Treasury by the courts.

## TITLES ARE UP FOR SALE AT AUCTION

By MILTON MARMOR  
LONDON (AP) — Opportunity knocks: you too can become a lord of the manor. And all by the simple procedure of spending about \$2,000—and outbidding other aspirants.

Eleven titles are going under the auctioneer's hammer at the Moot Hall, Colchester, Sept. 30.

The title lord of the manor goes back a thousand years or more. The ones on sale are comparatively new. They date from the 15th, 16th or 17th centuries.

### TITLES A HOBBY

The titles were bought up by Joseph Beaumont, grandfather of the present owner. Titles were a hobby of his. He bought more than 80 in Essex, Suffolk and Norfolk counties. His son bought more. Much of the collection has already been sold.

Let anyone become confused the title lord of the manor has nothing to do with a peerage. It has almost no privileges connected with it. Further, there is no real property involved.

Unless you already have a title you are still going to be called mister.

### ORIGIN OF ESCHEAT

In olden days, before the commoners came into Parliament and took rights unto themselves, the title meant lords of the manor could take back land for want of an heir. This fine practice was called escheat.

Manor lords could fine tenants whose daughters married outside the manor. The manor was not only the house, but also the estate around it where the serfs labored under the lord.

The manor lord could also exercise droit de seigneur — right of the lord to enjoy the first pleasures of the bridal bed of all marriages involving serfs within his manor.

### RIGHTS ARE GONE

These rights are gone forever, but the title still yields the freedom of grazing sheep on common lands. Any commoner today has the same right, however.

The lord of the manor also is a true esquire and can write "Esq." after his name. A commoner can gain this courtesy simply by receiving a bill from his tailor.

The titles up for sale are well-documented. They include court rolls, surveys, court books, rentals and minute books which give a detailed account of their past histories.

C. M. Stanford and Son is selling the titles on behalf of J. L. Beaumont of Coggeshall, Essex.

They are the perfect gift — for someone who has everything.

## Ho Chi Minh Known As Shrewd, Cold-Blooded

TOKYO (AP)—Who is Ho Chi Minh, the power-crazy ruler of North Viet Nam?

Though the name of Ho Chi Minh is famous throughout the world, it is not his real one. No one quite knows what this man of many aliases was called when he was born in Nghe An, in North Annam, in 1890.

Son of a Vietnamese nationalist, he left Viet Nam in 1911 as a cabin boy aboard a French merchant ship, is said to have spent some time in the United States, worked as an assistant to the great French cook Escoffier in London, and from Germany reached Paris, where he got a job retouching photographs.

### LIKED POLITICS

But his tastes were predominantly for politics and reading. Soon he joined the "League for the Rights of Man," the French Socialist party, and met such French socialist leaders as Leon Blum and Marcel Cachin.

Known as Nguyen Ai Quoc, he spent much time in European jails for his Socialist views. In 1919, with Cachin and others, he became a founding member of the French Communist party and wrote a book that soon became famous, "French Colonization on Trial." Smuggled into Indochina, it inflamed the passions of young patriots and made Nguyen Ai Quoc a household name there.

During World War II, the Allies in Chungking used the revolutionary movements in Indochina to gather intelligence and carry out sabotage against the Japanese. Nguyen Ai Quoc, known as a Communist, landed in jail in South China but he soon persuaded his captor, Gov. Chang Fa-kwei, that his group could do a better job than the Nationalists. To get him out of jail and supplied with the funds he needed from Chungking, Nguyen did a simple and easy thing: He changed his name to Ho Chi Minh, "The Enlightener."

### HAD UNDERGROUND ARMY

Thus, when World War II ended, Ho had an underground army supplied, equipped and encouraged by the United States and its Allies. He was able to enter Hanoi — no longer, on the face of it, a Communist, since he had with shrewd forethought abolished the party some months earlier. Ho knew that in the struggle which would follow, he could lead Viet Nam not as a Communist but as a Nationalist. He kept up the fiction until 1951 when he formed the Lien Viet (United National Front) in which the Lao Dong (Communist Workers' party) was to be the leading element.

During the long years of war

against the French, Ho was cold-blooded in liquidating those who threatened his power or that of the Communists. At the time of victory in 1954 he was in absolute control.

Then came the division of the country.

### HARD TIMES

Today, 10 years later, the north is reported caught in the grip of economic hard times, with black marketing, corruption, food shortages, unemployment and low wages.

There seems to be no accurate information available on the size of the North Vietnamese military establishment, but the general view is that it has grown considerably since the victory of 1954. American intelligence sources say the army numbers 250,000 men, the navy 1,000 and the air force 300.

South Vietnamese sources say there may be as many as 500,000 in the army. Nationalist Chinese officials put the figure at closer to 300,000 or 350,000.

In North Viet Nam today there is an uneasy balance between the pro-Chinese faction and the pro-Soviet headed by Gen. Vo Nguyen Giap, the victor of Dien Bien Phu who is minister of defense. Le Duan, party secretary-general, is a close friend and protege of Ho's and thus keeps the old man's influence alive and constantly felt. He and Premier Pham Van Dong are regarded by most observers as more favorable to the Soviets than to the Chinese.

Ho has maintained this precarious balancing act not only domestically but in the world Communist movement as well.

There are signs, however, that the pressures from Peking are increasing and that even the pro-Soviets are beginning to bend toward their next door neighbor and its hard line. But Ho refuses to come down in either side in the Chinese-Soviet quarrel.

### Candidate Says He Will Resign

CARLISLE, Pa. (AP)—Cumberland County Democrats may have to come up with a new candidate for the First Legislative District in the November election.

W. Ray Noss, who won the party nomination in the April primaries, said in a weekend statement he will resign, charging that other Democrats have "undermined" his campaign.

He also demanded the resignation of B. Frank Swigert Jr. as Cumberland County's Democratic chairman. There was no comment from Swigert.

### Judge Wins Race At Track Meet

MURRAY, Ky. (AP)—Lowery Rains probably is the only man to start a 100-yard dash, then judge the finish.

Rains, a rural schoolteacher, agreed to fill in at a track meet when the regular judge failed to appear.

He fired the starting gun, started jogging down the track, and was on hand to call the finish as the youngsters broke the tape.

HERSHEY, Pa. (AP)—Gastonia, N.C., was scheduled to open defense of its Veterans of Foreign Wars teener baseball championship today against Gloucester, N.J., the team it defeated last year.

The game was one of two openers in the 12th annual tournament. The other pits Uniontown, Pa., against the Panama Canal Zone.

## ONE IS KILLED IN COLLISION

UNIONTOWN, Pa. (AP)—One Pennsylvania state policeman was killed and another was injured Sunday in a two-car collision on Route 112, about eight miles west of Uniontown.

Trooper Richard J. Barnhart, 36, of the Uniontown Barracks, was pronounced dead at the scene. He was a native of Ligonier and lived in nearby Hopwood with his wife and two children.

Trooper Ralph S. Kendall, 25, a passenger in the car operated by Barnhart, was reported in fair condition at Brownsville Hospital.

The other operator, Darwin Hennessey, of Cardale, Fayette County, and three passengers in his car also were taken to the hospital.

## YOUNG GOP ELECT ACTON

PHILADELPHIA (AP)—John T. Acton, who is considered a conservative, will head the Pennsylvania Young Republicans for the next two years.

Acton, a Bryn Athyn lawyer, was elected unanimously by the state's Young Republicans on Saturday to succeed Wilbur C. Crevling Jr., of Allentown.

The group said Acton, 35, was selected not as a conservative, but because he has been a good and active Republican.

Delegates at the final session of the group's biennial convention also adopted a platform that included "wholehearted support of the entire Republican slate" in the November general election. They did not, however, name any candidate.

Fred Hobbs, Pottsville lawyer and chairman of the platform committee, said the Young Republicans platform fits into the philosophy of the national GOP platform adopted at the San Francisco convention last month. The national platform was drafted by supporters of conservative Sen. Barry Goldwater, of Arizona, the Republican candidate for president.

The Young Republican platform also included planks on civil rights, federal-state relationships, extremism, crime and violence, labor and industry and the role of the state government.

The passengers were Peggy Lou Moon, 17, of Brownsville; Patricia Ann Turner, 17, of Brownsville, R. 1; and Edison Dugan Jr., 25, of Cardale.

The nearly head-on collision occurred just after the Hennessey auto pulled out of a service station, police reported.

## Scranton Keeps Pledge; Will Back GOP To Hilt

PHILADELPHIA (AP)—Pennsylvania Gov. William W. Scranton, vowing to keep his pledge to the letter, says he will support to the hilt Arizona Sen. Barry Goldwater, the man who beat him for the Republican presidential nomination.

Scranton, at the state Young Republicans convention Friday night, also called for party harmony and attacked the Democratic administration.

"Rarely has anybody been shown the kind of consideration I've received from Barry Goldwater,"

The governor said after he lost to Goldwater in San Francisco last month, the Arizona senator had written him "one of the kindest letters I've ever received" and wrote Scranton's daughter, Susan, 18, "one of the most sensitive letters I've ever seen."

### WILL KEEP PLEDGE

"Many times during the weeks I campaigned prior to San Francisco I said that I would support whoever was chosen by the convention," he said. "As you know, I am keeping that pledge to the letter. The Goldwater-William Miller ticket has my complete support."

He added: "What is more, our entire Pennsylvania Republican organization and ticket is also united behind all Republican candidates."

Scranton said Goldwater and Miller, the vice presidential candidate, will mount an aggressive and articulate campaign.

"They indicate that they will aggressively carry their message to every voter in America and this is important because surely the opposition will do the same thing," said Scranton.

Scranton said he described himself as thrilled by the preferential treatment given Pennsylvania by the national Republican organization.

He said the Republicans are holding two meetings in the state, one in Hershey and the other in Pittsburgh.

Scranton said Goldwater had told him that he selected Hershey for a unity conference because former President Dwight D. Eisenhower lived in nearby Gettysburg, and also because Goldwater was vitally interested in Pennsylvania. The Republicans will also hold a governors' conference in Pittsburgh next month.

Scranton, speaking of the administration, cited what he termed subversive activities in Latin America, a weak NATO alliance and the present problem in Southeast Asia.

He was also critical of the administration for what he termed the centralization of power in Washington. This centralization, said Scranton, snuffs out the individual initiative, and "turns off the basis of our free system."

On state politics, Scranton said the Democratic party "would gladly sacrifice the progress which has been made in this Commonwealth over the past two years for the sake of returning themselves to office for another round of power politics."

## A Bit Of History About Early Settlers

By B. F. M. MacPHERSON

### The Baron de Beelen Berthoff

Before resuming the historical and genealogical study of the Lower Marsh Creek Presbyterian churchyard another "detour" — to answer several queries — presented by readers of this column.

In the lower part of the Conewago Roman Catholic Chapel burial ground, near the plot used for the interment of priests, lies a flat marble stone, large enough to cover an entire grave with the following inscription cut thereon:—

"In Memory of — Frederick Brn. De Beelen Berthoff — who departed This Life — The 5th of April 1805 — Aged 74 years. — Joanna Maria Theresa — his wife — Who departed This Life — The 11th of September 1804 — Aged . . . (?) Years — May They Rest in Peace."

This stone originally was in the chance of the church where the Baron and his wife were buried but was moved into the graveyard some years ago.

The question was asked — who was the Baron de Beelen Berthoff and under what circumstances were he and his wife buried at Conewago Chapel? These queries can be answered as follows:—

It is interesting to note that few people of historic importance have had their true features as much obscured by legend and tradition and are as little known, in their correct colors, as Frederick Eugene Francis, Baron de Beelen Berthoff. This man spent the last seven years of his life in York County and in Pennsylvania more than twenty years. He was a native of the Austrian Netherlands, descended from one of the patrician families of Limbourg, born in 1729.

The Baron de Beelen Berthoff's father was Jean-Albert de Beelen, a person of some importance in his lifetime. The son moved in court circles and was given a thorough education. On July 18, 1759, the Baron was married to Jeanne-Maria-Therese de Castro, of Toledo, whose lineage was at least as distinguished as her husband's.

On August 13, 1760, the Baron de Beelen Berthoff qualified as general secretary of the Council of Brabant, and with this position as a stepping stone he came to hold successively many other important offices. The Emperor Joseph II sent the Baron to America, in 1783, to pave the way for a treaty to prepare for business relations between the United States and Austria. He sailed on August 1, 1783, with his family and landed at Philadelphia on September 9th, 1783 — a comparatively swift voyage at that time.

The peace treaty between Great Britain and the United States had not yet been signed, but the Baron's mission was not premature, for commercial treaties had already been enacted with the courts of Denmark

and Portugal. There was work for the representative of Joseph II, but first he had to find a home for himself and family at or near the seat of Congress. It would appear, from the evidence still in existence, that he found a suitable residence in Philadelphia. Thereafter he began his official duties and sent back detailed and voluminous reports to the Austrian authorities. Many of these are still on file in the official archives.

The Baron de Beelen Berthoff lived in Philadelphia for the first four or five years of his mission but, in the meantime, he purchased and improved considerable land elsewhere. In what is now Honeybrook Township, Chester County, at the "Head of the Little Brandywine," and in adjoining Lancaster County, he acquired several properties, where he came to live about 1787. Here he established a grist mill and a saw mill — known in their day as "The Baron's Mills." He also had a botanical garden where he experimented with European plants, and from which he sent native specimens to the old country. It was doubtless his interest in botany that won him, on January 22, 1786, the honor of membership in the American Philosophical Society, of which Benjamin Franklin was then president. Here in his Chester County home the Census of 1790 lists "the Honorable Baron de Beelen Berthoff" with a household of thirty-four persons.

In addition to the property he owned in Chester and Lancaster counties the Baron also acquired at least ten tracts in Philadelphia County and in Western Pennsylvania, aggregating more than 2,000 acres. He also owned lands in Ohio and Kentucky. He apparently caught the American craze for speculating in land that proved to be disastrous to the financial standing of more than one speculator. The Baron was no exception. He had managed the official finances very well, but, was not equally successful with his own; although he did not die in poverty. However, his estate was much smaller than the heirs in the old country expected.

In February, 1790, the Emperor Joseph II died and his brother, Leopold II, became the ruler and inherited the Hapsburg lands. On July 2, 1790, the new emperor recalled the Baron de Beelen Berthoff on the ground that the American mission was too expensive. The recall found the Baron unprepared; His affairs were involved and his health was poor. He delayed, and in August, 1792, was granted a pension for his services. The French Revolution which followed probably brought about his decision not to return to

Europe.

The Baron and his family remained in Chester County until 1797 or early 1798, at which time he acquired and occupied a tract of seven acres in (West) Manchester Township, York County. According to a fairly reliable tradition he lived in the first house in Bottstown, just beyond the York borough line. This would place the Baron's residence at or near 55 West Market Street. It was a red brick structure with a fine grove of Lombardy poplars just behind it.

At the time the Baron de Beelen Berthoff moved to York County, Saint Patrick's Roman Catholic church had, as yet, no stated services, and the Baron and his family drove to mass at Conewago Chapel in their "fine phaeton."

# Pope Urges World Peace And Downs Communism, Atheism In Encyclical

By EUGENE LEVIN  
VATICAN CITY (AP) — Pope Paul VI offered in the first encyclical of his reign today to go beyond "a watchful and understanding interest" and help seek honorable solutions of disputes threatening world peace.

Without specifying exactly what his intervention might take, the Roman Catholic pontiff wrote:

"Regarding the great and universal question of world peace, we say at once that we shall feel it specially incumbent upon us not merely to devote a watchful and understanding interest, but also to entertain a more assiduous and efficacious concern."

"This will be, of course, within the limits of our ministry and so utterly divorced from purely temporal interests and strictly political forms, but it will be eager to make its contribution in educating mankind to sentiments and ways of acting contrary to violent and deadly conflict, and in fostering rational and civilized agreements for peaceful relations between nations."

**HUMAN PRINCIPLES**  
"We shall also be solicitous to help by proclaiming higher human principles that should serve to temper the passions and selfishness from which armed conflicts spring, and to promote the harmonious relations and fruitful collaboration of all peoples, and we shall be ready to intervene, where an opportunity presents itself, in order to assist the contending parties to find honorable and fraternal solutions for their disputes."

The Pope also proposed a joint discussion with non-Christian religions, aimed at defending common ideals.

The 14,000-word encyclical — a letter to Roman Catholic bishops around the world — put down "practical guidelines" for Paul's 13-month-old pontificate.

**ROLE OF CHURCH**  
It was a broad statement of the role of the Roman Catholic Church in the modern world. Its title — "Ecclesiam Suam, His Church" — was derived from the first two words of its official Latin text. The reference is to Christ.

Pope Paul condemned communism and atheism, saying the substitution of religion with a godless scientific conception "is the most serious problem of our time." But he expressed the hope that ideological systems denying God "may one day be able to enter into a more positive dialogue with the Church than the present one which we now of necessity deplore and lament."

**WORK FOR UNITY**  
He renewed pledges to work for Christian unity and spoke of finding "greater courage to un-

dertake the necessary reforms" started in the Vatican Ecumenical Council.

But he reaffirmed the Roman Catholic concept of papal primacy and said he was distressed that many non-Catholic Christians considered the papacy a "stumbling block" to unity. He asserted he could not "compromise with the integrity" of the Catholic faith in seeking unity.

Council reforms, he added, "cannot concern either the essential conception of the church or its basic structure."

# TEN PRO GRID GAMES PLAYED OVER WEEKEND

By TED MEIER  
Associated Press Sports Writer

The San Francisco 49ers, the Los Angeles Rams and the Kansas City Chiefs, the have-not teams of 1963, may become the haves of 1964 in professional football.

That appears to be one of the first conclusions that could be drawn from the opening of the exhibition season that drew 282,441 fans to 10 games, seven Saturday night and three Sunday afternoon. The six National League games drew 219,116 and the four American League games 63,325.

The 49ers, who had their worst season in 1963, scored an easy 26-7 victory over the Cleveland Browns before 27,404 Sunday at San Francisco. Quarterback John Brodie, injured most of last season, completed 15 of 25 passes for 188 yards and one touchdown.

## GABRIEL GIVES SPARK

Roman Gabriel, who is expected to lead the Rams back to title contention in the NFL, sparked the Rams to a 17-6 triumph over the Dallas Cowboys before 57,450 at Los Angeles. He completed 16 of 26 passes for 159 and set up both Ram touchdowns.

Kansas City, the 1963 flop of the year in the AFL after winning the championship in 1962, whipped the Oakland Raiders 21-14 before 11,118 at Oakland. The passing of Len Dawson and Eddie Wilson sparked the Chiefs to an early lead and their strong defense thwarted a late Oakland threat.

The largest crowd, an estimated 65,000, turned out at New Orleans where the St. Louis Cardinals upset the Green Bay Packers 20-7. Star back Paul Hornung, back in action after a year's suspension for betting on games, carried the ball only five times for Green Bay. He gained a total of 29 yards, his best effort a 16-yard run.

The Minnesota Vikings whipped the New York Giants 21-7 before 31,581 at Minneapolis and the Detroit Lions nipped the Washington Redskins 28-27 before 18,781 at Charlotte.

In other games the Baltimore Colts whipped the Philadelphia Eagles 28-17 before 18,500 at Hershey, Pa.; the San Diego Chargers downed the Denver Broncos 34-20 before 26,293 at San Diego; the Houston Oilers walloped the Boston Patriots 28-7 before 20,087 at Newton, Mass., and the Buffalo Bills clouted the New York Jets 26-13 before 5,827 at Tampa, Fla.

# The POWER of FAITH

By WOODI ISHMAEL

In a cemetery in Cornwall, Conn., is a slab of stone that marks the last resting place of Henry Obookiah, a Hawaiian. Henry did not reach his goal in life, but it was realized by others through the power of his faith.

At the age of 12, in 1794, Henry lost his parents and little brother through murder by an enemy tribe. Living then with an uncle who was a high pagan priest, he was unhappy and alone and "... I began to think about leaving the country to go to some other part of the globe. ... I may find some comfort ..."

His opportunity came when a ship's captain helped the boy reach New York. From there he went to live with a devout family in Connecticut. He embraced Christianity and knew that he had found the "comfort" he was looking for. Intelligent and eager to learn, he began getting a religious education with the hope of going back to Hawaii and spreading the word of God, but he died in 1818. Yet his dedication to the Christian life inspired others, and in 1835 the first American missionary went to Hawaii.

# VINSON CITES SOUTHERNERS' VOTE DILEMMA

WASHINGTON (AP) — The big question in this year's presidential race is whether the South will "reward a political enemy and punish an old friend," Rep. Carl Vinson, D-Ga., says.

In a statement released in Washington Sunday, Vinson said this would be the case if the South supports Sen. Barry Goldwater and opposes President Johnson.

He said the question is whether the South will be "blinded by its anger and frustration of the moment regarding its civil rights problems."

Vinson said there have been years "that organized agitators and do-gooder groups have been pushing the current civil rights crisis upon the South."

## BOTH OPPOSE RECORDS

Johnson and Goldwater have voting records over these years, he said, "and both are poised today in roles almost exactly opposite their official records. Why?"

He said Johnson followed the course of all other Southerners "in attempting to stem the storm," while he said Goldwater "followed the opposite course" and "repeatedly identified himself with proponents for civil rights."

Containing that Goldwater has reversed himself, he asked, "Can it be purely for political expediency?"

Johnson, as a Southerner, "espoused the cause of the South," said Vinson, while "Lyndon Johnson, as President, had no other choice but to reflect the will of a majority of the nation."

"Agony of the moment may well cause Southerners to forget the now more remote agonies of recent years, but this lapse of memory will not change the facts."

# MARRIAGE TO END STRUGGLE OF EDIE ADAMS

By BOB THOMAS

**AP Movie-Television Writer**  
HOLLYWOOD (AP) — Next Sunday Edie Adams will marry Marty Mills of the music publishing family, thus ending a chapter of courage and determination.

For a year and a half, the talented actress has followed a hard and lonely course in untangling the financial mess left after her husband, comedian Ernie Kovacs, was killed in an auto crash.

Edie eschewed the help of Ernie's many famous friends, who proposed a television special or series to benefit the comedian's widow and three daughters. Instead, she undertook a nonstop schedule that included three movies, a series of television shows, night club and summer theater tours, and record albums.

Her industry succeeded in extricating the estate from its burden of debts and unpaid taxes. "But it nearly killed me," she admitted. "After it was all over, I realized if I had to do just one thing more, I would have collapsed. I didn't have the energy."

Edie is back at her Coldwater Canyon home, struggling to get it ready for the wedding. She and Mills will be married before their families only, with a big reception following at the Beverly Hilton. The pair will honeymoon in Hawaii. Mills, 37, and a bachelor, is a New Yorker who will now help conduct the family business in Hollywood.

## FIRST MEETING

How did they meet?  
"The first time was back in 1953, at a party in Red Buttons' apartment in New York," she recalled. "I was dating Ernie at the time. I saw Marty off and on through the years, but it was very casual."

"Then last January I was in New York having dinner with Janet Leigh and her husband, Bob Brandt. The next day he called me for a date. I had to break it because of work, and it's a wonder he ever called me again."

"But he did, and our first date was — Red Buttons' wedding! Later he took me to dinner at a very fancy restaurant, and I remember thinking how formal he was. I found out later he was thinking the same about me."

She added that Marty got along beautifully with the three girls of her family from the start. There are two daughters of Kovacs' previous marriage, 17 and 15½, and his and Edie's Mia, 5.

## LBJ Appoints Judge Musmanno

PITTSBURGH (AP) — President Johnson has picked Michael A. Musmanno to serve on a Citizens' Committee to aid in the implementation of the Civil Rights Act, the Pennsylvania Supreme Court justice says.

Musmanno said Sunday he "feels privileged to have been chosen" to the nationwide committee which, according to a telegram signed by the President, has been established to assist the Community Relations Service.

The purpose of the service is to assist communities in preventing or resolving racial disputes and tension through reasoning, persuasion and conciliation.

Citizens' Committee members are to try to bring about voluntary acceptance of civil rights laws in their communities, Musmanno said.

He said he will attend a meeting of the committee members scheduled by the President for Aug. 17 in the White House.

## Eastern League

By THE ASSOCIATED PRESS

Steve Cosgrove and Jim Lehigh, a pair of hard-throwing Elmira right-handers, appear to be over the hump after early season troubles.

The pair evened their records with sharp pitching performances in a twin sweep of Eastern League-leading Springfield, 2-0 and 3-1, Sunday.

In other action, York and Charleston split a doubleheader by 5-4 scores with York taking the opener. Williamsport beat Reading 3-1 in a single game.

After losing the opener, 5-4, Charleston overcame a four-run deficit to edge the White Roses in the nightcap. York outfielder Mike Gardner smashed a grand slam homer to give the White Roses a big lead in the second game, but the Indians came back with nine hits and five runs in the second and third innings off York starter Bob Baird (4-11). Jim Rittwage (1-2), who pitched the last four innings for the Indians, got the win.

York broke a 1-1 tie in the opener with two runs in the fourth and two more in the fifth. Jack Jenkins' triple accounted for the two runs in the fourth. A double by Ron Stillwell, a triple by Dalton Renfro and a sacrifice fly by winning pitcher Bill Haywood (1-1) sent home two runs in the fifth. Frank Smith (3-3) was the loser.

## Tonight's Games:

York at Charleston (2)  
Springfield at Elmira  
Williamsport at Reading.

From Sept. 2, 1962, until July 2, 1963, Detroit outfielder Rocky Colavito played 99 straight games without committing an error.

## KUHARICH SEES NEW SPIRIT IN EAGLES' HOPES

PHILADELPHIA EAGLES

By JACK HAND

Associated Press Sports Writer

HERSHEY, Pa. (AP) — The Philadelphia Eagles are all shook up. A series of deals by Joe Kuharich, the new head coach, swept out such old familiar faces as Sonny Jurgensen and Tommy McDonald and replaced them with Norm Snead, Earl Gros, Red Mack and a host of rookies.

Things are in a state of flux in the Eagles' training camp because everybody is new. There is a new owner, Jerry Wolman, new coaching staff, new system and new personnel. Most important, Kuharich hopes, is a new spirit.

"We know we have an uphill struggle," said the former Notre Dame coach. "We are behind everybody else but we hope to improve on last year's cellar record of 2-10-2. We have a young front line on offense with the exception of Jim Ringo and Pete Retzlaff. Basically we will be a blend of the old and the new."

### DEFENSE SHOULD HOLD

"We just couldn't go along with the defense they had last year. The worst thing is to score 24 or 28 points and still get beat. Your defense should be able to hold the other team to between 21 and 24 points."

The addition of Gros, a fine fullback from Green Bay, plus the speed and drive of Tim Brown, the holdover halfback, gives the Eagles a more powerful running game. Kuharich expects help from Ollie Matson, his old San Francisco U. protegee who was acquired from Detroit.

"We'll throw the football as much as any team in the league," said Kuharich. "But if we get 10 or 14 points early we want to be able to control the ball if we have to."

### QUARTERBACK SNEAD

Norm Snead, the quarterback who came from Washington in the deal for Jurgensen, will have split ends Ron Goodwin and Ray Poage, tight end Retzlaff and flanker Red Mack, ex-Pittsburgh Steeler, as his prime targets. If Snead falters, King Hill is available. Jack Concannon, rookie from Boston College, must start from scratch because he joined the club after the All-Star game.

Kuharich counts on rookie Bob Brown of Nebraska, an unusually agile man for a 275-pounder, to handle an offensive tackle job, teaming with sophomore Dave Graham. Ringo in the middle and Ed Blaine and Pete Case at the guards round out the front line. Kuharich also is high on guard Lynn Hoyem, former Dallas Cowboy.

Friendly Joe still is backing and filling on his defensive front four among Riley Gunnels, John Meyers (ex - Dallas), Floyd Peters (ex - Detroit) and George Tarasovic.

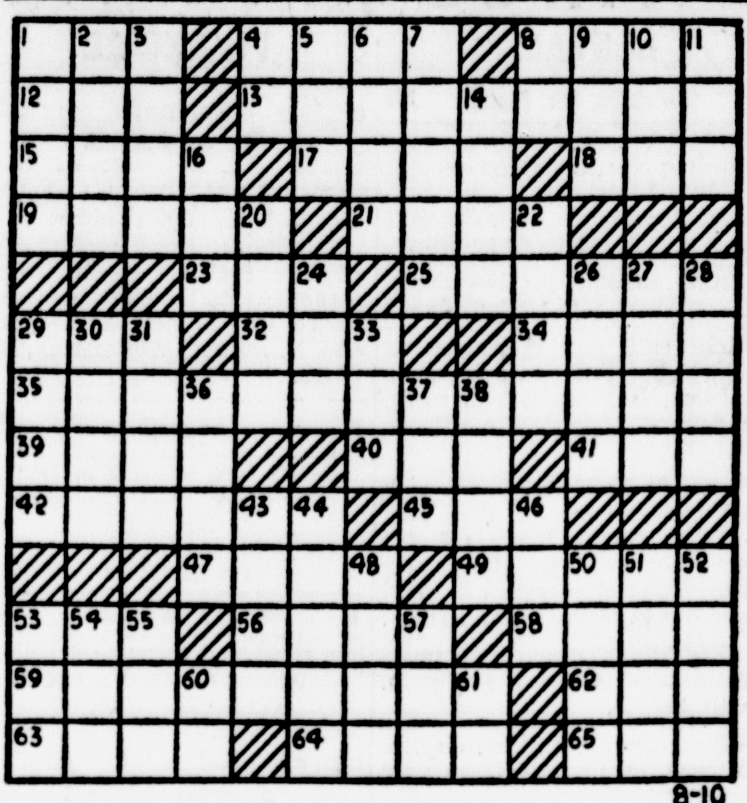

### LINEBACKING CREW

The linebacking crew probably will include Ralph Heck, Dave Lloyd and Maxie Baughan. Glenn Glass (ex-Pittsburgh) and Irv Cross at the corners and Nate Ramsey and Don Burroughs at safety are the likely deep backs but there will be changes all season.

Sam Baker, veteran acquired from Dallas in the McDonald deal, will do the punting and placekicking.

You can make a great sauce for avocado served in the shell just by adding chili sauce or catchup to French dressing. Spoon a little of the dressing into the cavities in avocado halves.

## PUNY WEAKLING IS ACTIVE ADULT

TORONTO (AP) — Here's a switch on the story about the puny weakling who grew up to be a weight-lifter.

The central figure is a woman — Mrs. Wally Zvarich, amateur painter, housewife and mother of two children.

As a child — her name was Tania Warchuk — she lived with her family in Poland and was sickly looking.

It was just before the family boarded a ship to come to Canada that a doctor discovered why. Her tonsils were infected. But they didn't come out until the family reached Toronto.

She took physical culture courses to build herself up. Within a few years she weighed 135 pounds and could lift twice her own weight with ease.

In 1941, when she was 17, she showed exhibition visitors how to bend over backwards, lift a 75-pound barbell from the floor and press it to arm's length overhead as she stood erect. Once she held up seven men weighing a total of 1,100 pounds.

In 1947 she strained her back at a show in New York and quit. She planned to be a blouse designer but got married instead. She took up painting three years ago and recently held her first exhibition of 22 oils in a suburban Toronto shopping center. She plans to attend the Ontario College of Art next year.

## LBJ To Meet With Newsmen At Ranch

JOHNSON CITY, Tex. (AP) — President Johnson meets with newsmen today at his ranch here — but what he says won't be known to the world for a while.

Johnson scheduled his news conference for 9:45 a.m. (CST), but under the ground rules what he says can't be relayed for nearly two hours.

Reporters pledged they would file no stories until they returned to Austin by bus, a 65-mile trip.

The reason for this is that filing facilities in this area are inadequate for the White House reporters here for the President's visit and for the Texas newsmen who report his activities while in Texas.

Press Secretary George Reedy gave no indication whether the President had something particular he wanted to announce, or merely would subject himself to questioning.

## WANTED! MEN—WOMEN

from ages 18 and over. Prepare now for U. S. Civil Service job openings in this area during the next 12 months.

Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience.

But to get one of these jobs, you must pass a test. The competition is keen and in some cases only one out of five passes.

Lincoln Service helps thousands prepare for these tests every year. It is one of the largest and oldest privately owned schools of its kind and is not connected with the Government.

For FREE information on Government jobs, including list of positions and salaries, fill out coupon and mail at once—TODAY. You will also get full details on how you can prepare yourself for these tests. Don't delay—ACT NOW!
